

Blackridge Consulting Group LLC
Level 3 Client Sheet

Enterprise Plan – \$10,000

Comprehensive support designed for businesses looking to scale and grow for long-term success.

What's Included:

- **Full Business and Financial Assessment:** We will conduct a thorough review of your entire operation, including a detailed financial analysis, to identify strengths, weaknesses, and opportunities for growth. This analysis includes key financial metrics, operational efficiency, and market competitiveness.
- **30 Hours of Consulting with a Dedicated Consultant:** You will be assigned a dedicated consultant who will act as an extension of your team. The 30 hours can be spread out to cover various aspects of your business—growth strategy, financial planning, process improvements, team development, and more.
- **End-to-End Strategy Development:** Together, we'll create a comprehensive, data-driven strategy that addresses your business's unique challenges and growth goals. The strategy will include a clear roadmap for achieving key milestones, scaling operations, and maximizing profits.
- **Implementation and Monitoring:** Beyond strategy development, we'll assist with implementation and provide ongoing monitoring to ensure things are on track. This includes helping you adapt to unforeseen challenges, optimizing processes as you scale, and maintaining a focus on long-term success.
- **Weekly Progress Meetings:** We'll meet with you once a week to review progress, provide feedback, and make any necessary adjustments to the plan. These sessions will also be used to assess key performance indicators (KPIs) and ensure you're moving toward your objectives.
- **Executive Reporting:** We'll provide regular reports that outline key findings, progress updates, and performance metrics. These reports are designed to offer clear insights and help you make informed decisions as your business grows.
- **Priority Phone and Email Support for 60 Days:** You'll receive priority access to our team via phone and email for 60 days, ensuring you can quickly

resolve issues, get advice, and keep your business moving forward without delays.

- A fully customized, long-term strategy that supports your goals for expansion, scaling, and profitability.
- Dedicated support, regular updates, and hands-on assistance to ensure every aspect of the strategy is effectively implemented.

Example Sheet for Services:

Enterprise Plan – \$10,000

Comprehensive support for scaling businesses and long-term success.

Example 1: Scaling Operations for Rapid Growth

A mid-sized company planning significant growth might need help scaling its operations while maintaining quality and efficiency. With the **Enterprise Plan**, we would assess their entire operation, from supply chain management to staffing needs, and develop a comprehensive strategy for scaling. This could include automating parts of the production process, expanding the workforce, and implementing new technology to support higher demand.

Example 2: Financial Forecasting and Capital Planning

A business preparing for a significant growth phase might require help with financial planning to secure investment or manage its capital. We would work closely with the leadership team to create detailed financial forecasts, ensuring they have enough capital for expansion. We'd also assist in preparing materials to present to investors or lenders, including projected financials, market analysis, and ROI estimates.

Example 3: Long-Term Strategic Planning and Risk Management

For a business looking to expand into multiple markets or scale their products globally, we would help them develop a 3-5 year strategic growth plan. This would include risk assessments for market entry, diversification strategies, and managing operational complexity across multiple locations or business units. We would also work with them on a contingency plan to mitigate potential risks, such as supply chain disruptions or economic downturns.

Key Benefits Across All Plans

- **Essential Plan:** Offers quick solutions to immediate challenges that startups and small businesses face, such as cash flow management, inefficient processes, or unrefined marketing strategies.
- **Professional Plan:** Provides in-depth analysis and actionable strategies for growing businesses, focusing on expansion, operational efficiency, and maximizing profitability.
- **Enterprise Plan:** Offers a full-scale strategic and operational overhaul for businesses poised for rapid growth, ensuring they have the financial, operational, and strategic infrastructure to support long-term success.
